Senior Portraits

This is a special time in the life of every high school senior, marked by accomplishments and new beginnings. Take this perfect opportunity to get a professional portrait. Anyone can take pictures; an artist creates portraits.

Capturing the Images

Deluxe Session: Outfits changes and the additional time to create that "unique" look. Only \$95.

My studio garden is wonderful for a setting and is often better than any park. Other locations also available for little or no charge.

Plan Ahead

Norman Rehme is able to accept only a limited number of sessions. Please allow enough time to properly prepare your portraits for yearbook, family, and friends.

Payment Terms

Because the price of these services is so reasonable, payment is expected in full at the time of the sitting and upon ordering. Split orders incur additional charges. Prices do not include sales tax. **Minimum order is \$400 in prints.**

Retouching

Level I applied to all images and it zaps the zits. Level II goes further to smooth and tones skins. Level III is complete with enhancements to eyes, slips, hair, and other secrets of the trade. Artwork such as braces and head swaps is extra.

* What is a digital file and what can you legally do with them? Copyright laws apply to photography just as they do with any artistic work. If you purchase an electronic copy, you have purchased a license to use it for your personal and non-commercial use. You cannot sell them or recreate and change them. However, what most people want to do in today's electronic age is show them to friends and family. You are licensed in writing to put them on social media, store copies, print out a set, make your scrapbooks, and even email a few. If you need a more flexible license, such as a set for parents, arrangements can be made.
